New York Dec 15/79

Dear Sir

My attention has been called to Rule 3 in your circular relating to "American Medals and Cabinet Coins" and an explanation asked regarding Pattern pieces of what do they consist? What is the diffrence between a pattern piece and a proof coin. Also is the price list of Medals absolutely nett to any society ordering one of each. By replying to this at your convenience you will confer a favor on

Respectfully Yours

To A. Loudon Snowden Esq
